CONSTRUCTION NOTICE LETTER

May 18, 2020

Dear Resident,

The City of Lone Oak contracted with JEC Energy Solutions regarding a LED Solar Street Light Project to help reduce energy cost. This letter is to advise you of the installation of new LED Solar Light Fixtures and Poles along College, Main and McBride Street within the next few weeks. Flags or orange circles along the street right-of-way mark the location for the installation of light poles. Please do not remove or alter these locations for the duration of the project.

We understand that this may be a short-term inconvenience and we hope to work together with you in a professional and amicable manner for the improvement of your city and for the cost efficiency of energy.

If you have any questions regarding this notice or the construction project, contact me at City Hall 903-662-5116 or Wes Owen at 469-446-0011. We thank you for your patience and cooperation during this project.

Sincerely,

A handwritten signature in blue ink, which appears to read "Douglas E. Williams".

Douglas E. Williams
Mayor, City of Lone Oak
